Our Impact

Preventing, Treating, and Curing Type One Diabetes

At Breakthrough T1D (Formerly JDRF), we work tirelessly to accelerate breakthroughs to cure type 1 diabetes (T1D) and improve the lives of those living with the disease. We continually expand our scientific knowledge, our connections and collaborations, our partners, and our global presence to unlock the science that will stop T1D. While we fight for cures, we strive just as hard to develop therapies to help people right now. Breakthrough T1D and our team of scientists are leading T1D research around the world. No organization is making a bigger impact on advances in this field.

Cell Therapies

Protecting Healthy Beta Cells in the Body

Program Goals

Develop a reliable beta cell source so that every person with T1D can get this treatment

Find ways to support the beta cells so they stay healthy and functional in the body for an infinite amount of time

Shield the beta cells from immune attack to prevent the need for additional immunosuppressant drugs

Disease-Modifying Therapies

Intercepting and reversing the disease

Program Goals

Stop the immune system from attacking healthy beta cells, so T1D never happens

Spur beta cell growth and protect them, so people with T1D can live without life-long external insulin

Develop treatments that can halt and reverse the events that drive T1D

Technologies

Improving lives with type one diabetes

Program Goals

Create miniaturized devices that go unnoticed to everyone but the wearer

Drive algorithm advancements to control blood sugar automatically, even when one is eating or exercising

Expand access and adoption, so that every person with T1D has available technologies

Treatments

Improving outcomes

Program Goals

Advance next-generation insulins, so that no one with T1D has to worry about high and low blood sugars

Discover combination therapies, using insulin and other drugs, to dramatically improve daily blood-sugar management

Develop and improve eye and kidney disease treatments, so that people at risk can take steps to intervene early in the disease process

Top Rated Organization

Forbes

In its annual ratings of charities and non-profits, Forbes magazine named Breakthrough T1D one of its five "All-Star" charities, based on its evaluation of Breakthrough T1D's financial efficiency.

The New York Times

"The foundation typically outperforms, in lobbying and fundraising, nearly every other interest group built around a particular disease."

CHARITY WATCH

For more than fifteen years in a row, Breakthrough T1D was top ranked by Charity Watch — the only national diabetes organization to earn an "A" grade every year over this time period.

Breakthrough T1D Hope Gala Audience Profile

- Affluent** - more than 4x more likely to make \$100K+ vs. the Atlanta market and represent the wealthiest PRIZM segments
- Educated** - more than 2x more likely to hold graduate degrees & 63% are in management/ leadership roles
- In their prime earning and spending years** - 3x more likely to be ages 35-64 than the Atlanta market
- They spend money on their families** - 35% more likely than the overall Atlanta market to have kids and 40% are in the wealthiest family life segments
- They purchase high end luxury products and services** - luxury autos, high end furniture and home services, jewelry, travel, technology, cultural events, financial services
- Homeowners in the most attractive "northern arc" Atlanta zip codes**. Buckhead, Sandy Springs, Brookhaven, East Cobb, Roswell, Alpharetta, Duluth and Cumming

Atlanta's Premiere Black Tie Fundraiser

For 30 years, the Hope Gala has been an annual, premiere event bringing people together to celebrate the tenacity and courage displayed by the T1D community, while raising critical funds for T1D research. We hope you will join us as we celebrate at the InterContinental Buckhead Atlanta on Saturday, May 3, 2025.

Our signature event will feature exciting auction items, a fabulous cocktail party, seated dinner, inspiring program, meaningful mission moments, Breakthrough T1D's signature Fund A Cure program, and finally, a rocking' after-party!
