

Become a Community Neighbor!

What is T1D?

T1D is an **autoimmune disease** with potential ties to genetic and environmental factors. People living with T1D **cannot** produce insulin, a hormone that regulates blood sugar.

Living with T1D is a **full-time** managing act requiring multiple doses of insulin throughout the day. Managing blood-sugar levels with T1D can be **difficult** as they fluctuate based on stress, exercise, hormone changes, illness, etc.

It can develop at **any** age and currently, there is no way to prevent or cure it. More than 50% of those recently diagnosed are adults.

Thank you for your commitment. Breakthrough T1D (formerly JDRF) is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code. Tax ID: 23-1907729

The Breakthrough T1D Walk is your chance to show your community that together, we can conquer type 1 diabetes (T1D). Whether you are living with T1D or love someone living with T1D, you will do just about anything to make life easier. When you sponsor the walk, the money raised will power more research, enable additional advocacy and **fund more support for the 1.45 million Americans living with T1D.**

Become a Community Neighbor by Monday, September 16 to have your company name placed on a 24" x 18" lawn sign along the walk route.

Yes, I/We Will support Breakthrough T1D as a community neighbor for \$100
