# About the Breakthrough T1D YLC

## About the Breakthrough T1D YLC

The Breakthrough T1D Illinois Young Leadership Committee (YLC) is a group of young business and civic professionals actively supporting Breakthrough T1D and type 1 diabetes (T1D) research.

The YLC is affiliated with the Breakthrough T1D Illinois Chapter, the largest income-producing chapter worldwide. Our members have unique ties to T1D – many live with it, others are connected through friends or family, and some simply have a passion for the cause. The common thread: To find a cure for T1D.

Since 2008, the YLC has raised more than \$475,000 for critical T1D research through their signature fundraising events such as the One Party, which brings together more than 200 of Chicago's premier young professionals for a night of cocktails, Hors d'oeuvres, auctions, entertainment, networking, and much more. **This year's event will take place on Thursday, June 12 at Bambola.**

# About Breakthrough T1D

## Be known as a company that is helping to create breakthroughs for a world without type 1 diabetes.

Type 1 diabetes (T1D) is an autoimmune disease in which a person's pancreas stops producing insulin, a hormone people need to get energy from food. T1D strikes both children and adults, and its onset has nothing to do with diet or lifestyle. There is currently no way to prevent or cure T1D.

Your company will be seen as a leader in your community, making a significant and direct impact in the lives of those living with T1D.

Breakthrough T1D-funded research encompasses T1D at every life stage: stopping its progression in people who are newly diagnosed; reversing it in those who have lived with the disease for years; avoiding or reversing complications; and preventing the disease in people at risk. The time is now to work together, so we can deliver better treatments to ease the daily burden of the disease until there is a cure. We cannot do it alone.

Our mission is to provide life-changing therapies to the T1D community is being realized by:
