9555 Haggerty Rd, Belleville, Michigan

9:00am – 12:00pm

Calling all teens ages 13 - 19!

FREE to ATTEND!

Register online [here](#).

JDRF and our Teen Central Planning Committee is proud to announce the 2nd Annual JDRF Teen Carnival held at Wayne County Community College District – Western Campus on Saturday, January 30, 2016 from 9:00am – 12:00 noon. The event starts with carnival games - a chance to see how skillful you are and win exciting prizes; we then move into a more serious 'Talk and Share Time' with our special guest moderators – then bring it all together with a visit from our own master magician and illusionist Anthony Grupido!

For Teens

Not only will teens learn how to better manage their diabetes, share challenges and triumphs, but they will also develop meaningful relationships with other teens with T1D – in a fun and relaxed atmosphere! As a special treat, we will have master magician and illusionist, Anthony Grupido, put on a show for us.

For Parents/Caregivers

Hear from other parents/caregivers who are going through the same journey as you, share stories and learn tips and techniques to make this a little bit easier - after all, you are the experts on managing this disease 24/7! You will take home valuable resource materials such as the JDRF School Advisory and Teen Toolkits plus a handful of other items from our medical and industry partners.

Medical providers and our industry partners will be present for both parents/caregivers and teens to ask questions, share information, and get insight into what's new in T1D. Don't miss this once-a-year very cool event!
